**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**  
**(UNAUDITED)**

**NOTE 1 – BASIS OF PRESENTATION AND SIGNIFICANT ACCOUNTING POLICIES**

The condensed consolidated financial statements included herein have been prepared by Santa Fe Financial Corporation (“Santa Fe” or the “Company”), without audit, according to the rules and regulations of the Securities and Exchange Commission. Certain information and footnote disclosures normally included in the condensed consolidated financial statements prepared in accordance with generally accepted accounting principles (U.S. GAAP) have been condensed or omitted pursuant to such rules and regulations, although the Company believes the disclosures that are made are adequate to make the information presented not misleading. Further, the condensed consolidated financial statements reflect, in the opinion of management, all adjustments (which included only normal recurring adjustments) necessary for a fair statement of the financial position, cash flows and results of operations as of and for the periods indicated. It is suggested that these financial statements be read in conjunction with the audited financial statements of Santa Fe and the notes therein included in the Company’s Annual Report on Form 10-K for the year ended June 30, 2012. The June 30, 2012 Condensed Consolidated Balance Sheet was derived from the Company’s Form 10-K for the year ended June 30, 2012.

The results of operations for the three and nine months ended March 31, 2013 are not necessarily indicative of results to be expected for the full fiscal year ending June 30, 2013.

As of March 31, 2013, Santa Fe owns approximately 68.8% of the outstanding common shares of Portsmouth Square, Inc. (“Portsmouth”), a public company. Santa Fe is an 80.5%-owned subsidiary of The InterGroup Corporation (“InterGroup”), a public company. InterGroup also directly owns approximately 12.9% of the common stock of Portsmouth.

The Company’s primary business is conducted through Portsmouth’s general and limited partnership interest in Justice Investors, a California limited partnership (“Justice” or the “Partnership”). Portsmouth has a 50.0% limited partnership interest in Justice and serves as one of the two general partners. The other general partner, Evon Corporation (“Evon”), served as the managing general partner until December 1, 2008 at which time Portsmouth assumed the role of managing general partner.

Justice owns a 543-room hotel property located at 750 Kearny Street, San Francisco California, known as the *Hilton San Francisco Financial District* (the Hotel) and related facilities including a five level underground parking garage. The Hotel is operated by the partnership as a full service Hilton brand hotel pursuant to a Franchise License Agreement with Hilton Hotels Corporation. Justice also has a Management Agreement with Prism Hospitality L.P. (Prism) to perform the day-to-day management functions of the Hotel. The parking garage that is part of the Hotel property is managed by Ace Parking pursuant to a contract with the Partnership. Justice also leases a portion of the lobby level of the Hotel to a day spa operator.

Portsmouth also receives management fees as a general partner of Justice for its services in overseeing and managing the Partnership’s assets. Those fees are eliminated in consolidation.

In addition to the operations of the Hotel, the Company also generates income from the ownership of real estate. On December 31, 1997, the Company acquired a controlling 55.4% interest in Intergroup Woodland Village, Inc. (“Woodland Village”) from InterGroup. Woodland Village’s major asset is a 27-unit apartment complex located in Los Angeles, California. The Company also owns a two-unit apartment building in Los Angeles, California.

Basic income (loss) per share is calculated based upon the weighted average number of common shares outstanding during each respective period. During the three and nine months ended March 31, 2013 and 2012, the Company did not have any potentially dilutive securities outstanding.

In June 2011, the FASB issued ASU 2011-05, “Presentation of Comprehensive Income.” ASU 2011-05 changes the way other comprehensive income (“OCI”) appears within the financial statements. Companies will be required to show net income, OCI and total comprehensive income in one continuous statement or in two separate but

consecutive statements. Components of OCI may no longer be presented solely in the statement of changes in shareholders' deficit. ASU 2011-05 was effective for the Company beginning July 1, 2012. For the three and nine months ended March 31, 2013 and 2012, the Company had no components of Comprehensive Income other than Net Income itself.

The Company has evaluated subsequent events through the date the condensed consolidated financial statements were issued.

## NOTE 6 - FAIR VALUE MEASUREMENTS

The carrying values of the Company's non-financial instruments approximate fair value due to their short maturities (i.e., accounts receivable, other assets, accounts payable and other liabilities, due to securities broker and obligations for securities sold) or the nature and terms of the obligation (i.e., other notes payable and mortgage notes payable).

The assets measured at fair value on a recurring basis are as follows:

### As of March 31, 2013

Assets:	Level 1	Level 2	Level 3	Total

	<u>\$ 4,053,000</u>	<u>\$ -</u>	<u>\$ 180,000</u>	<u>\$ 4,233,000</u>

The fair values of investments in marketable securities are determined by the most recently traded price of each security at the balance sheet date. The fair value of the warrants was determined based upon a Black-Scholes option valuation model.

Financial assets that are measured at fair value on a non-recurring basis and are not included in the tables above include "Other investments, net (non-marketable securities)," that were initially measured at cost and have been written down to fair value as a result of impairment or adjusted to record the fair value of new instruments received (i.e., preferred shares) in exchange for old instruments (i.e., debt instruments). The following table shows the fair value hierarchy for these assets measured at fair value on a non-recurring basis as follows:

Assets	Level 1	Level 2	Level 3	March 31, 2013	Net loss for the nine months ended March 31, 2013
Other non-marketable investments	\$ -	\$ -	\$ 7,991,000	\$ 7,991,000	\$ -

  

Assets	Level 1	Level 2	Level 3	June 30, 2012	Net loss for the nine months ended March 31, 2012
Other non-marketable investments	\$ -	\$ -	\$ 7,991,000	\$ 7,991,000	\$ (427,000)

Other investments in non-marketable securities are carried at cost net of any impairment loss. The Company has no significant influence or control over the entities that issue these investments and holds less than 20% ownership in each of the investments. These investments are reviewed on a periodic basis for other-than-temporary impairment. The Company reviews several factors to determine whether a loss is other-than-temporary. These factors include but are not limited to: (i) the length of time an investment is in an unrealized loss position, (ii) the extent to which fair value is less than cost, (iii) the financial condition and near term prospects of the issuer and (iv) our ability to hold the investment for a period of time sufficient to allow for any anticipated recovery in fair value.

## NOTE 7 – SEGMENT INFORMATION

The Company operates in three reportable segments, the operation of the hotel (“Hotel Operations”), its multi-family residential properties (“Real Estate Operations”) and the investment of its cash in marketable securities and other investments (“Investment Transactions”). These three operating segments, as presented in the financial statements, reflect how management internally reviews each segment’s performance. Management also makes operational and strategic decisions based on this same information. Information below represents reporting segments for the three and nine months ended March 31, 2013 and 2012, respectively. Operating income for rental properties consist of rental income. Operating income from hotel operations consists of the operation of the hotel and operation of the garage. Operating income (loss) from investment transactions consist of net investment gain (loss) and dividend and interest income.

## NOTE 8 – RELATED PARTY TRANSACTIONS

In December 2012, Justice declared a limited partnership distribution in the amount of \$1,200,000, of which Portsmouth received \$600,000. In December 2011, Justice declared a limited partnership distribution in the aggregate amount of \$1,000,000, of which Portsmouth received \$500,000. Both of the amounts received by Portsmouth were eliminated in consolidation.

Certain shared costs and expenses primarily administrative expenses including rent and insurance, are allocated among the Company and its subsidiary, Portsmouth, and the Company's parent, InterGroup, based on management's estimate of the pro rata utilization of resources. For the three and nine months ended March 31, 2013 and 2012, the Company and Portsmouth made payments to InterGroup of \$36,000 and \$108,000, respectively, for each respective period.

During the three months ended March 31, 2013 and 2012, the Company received management fees from Justice Investors totaling \$88,000 and \$84,000, respectively. During the nine months ended March 31, 2013 and 2012, the Company received management fees from Justice Investors totaling \$291,000 and \$273,000, respectively. These amounts were eliminated in consolidation.

Four of the Portsmouth directors serve as directors of InterGroup. Three of those directors also serve as directors of Santa Fe. The three Santa Fe directors also serve as directors of InterGroup.

John V. Winfield serves as Chief Executive Officer and Chairman of the Company, Portsmouth, and InterGroup. Depending on certain market conditions and various risk factors, the Chief Executive Officer, his family, Portsmouth and InterGroup may, at times, invest in the same companies in which the Company invests. The Company encourages such investments because it places personal resources of the Chief Executive Officer and his family members, and the resources of Portsmouth and InterGroup, at risk in connection with investment decisions made on behalf of the Company.

## **Item 2 - MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS**

### **FORWARD-LOOKING STATEMENTS AND PROJECTIONS**

The Company may from time to time make forward-looking statements and projections concerning future expectations. When used in this discussion, the words “anticipate,” “estimate,” “expect,” “project,” “intend,” “plan,” “believe,” “may,” “could,” “might” and similar expressions, are intended to identify forward-looking statements. These statements are subject to certain risks and uncertainties, such as national and worldwide economic conditions, including the impact of recessionary conditions on tourism, travel and the lodging industry, the impact of terrorism and war on the national and international economies, including tourism and securities markets, energy and fuel costs, natural disasters, general economic conditions and competition in the hotel industry in the San Francisco area, seasonality, labor relations and labor disruptions, actual and threatened pandemics such as swine flu, partnership distributions, the ability to obtain financing at favorable interest rates and terms, securities markets, regulatory factors, litigation and other factors discussed below in this Report and in the Company’s Annual Report on Form 10-K for the fiscal year ended June 30, 2012, that could cause actual results to differ materially from those projected. Readers are cautioned not to place undue reliance on these forward-looking statements, which speak only as to the date hereof. The Company undertakes no obligation to publicly release the results of any revisions to those forward-looking statements, which may be made to reflect events or circumstances after the date hereof or to reflect the occurrence of unanticipated events.

### **RESULTS OF OPERATIONS**

The Company's principal sources of revenue continue to be derived from the investment of its 68.8% owned subsidiary, Portsmouth, in the Justice Investors limited partnership (“Justice” or the “Partnership”), rental income from its investments in multi-family real estate properties and income received from investment of its cash and securities assets. Portsmouth has a 50.0% limited partnership interest in Justice and serves as the managing general partner of Justice. Evon Corporation (“Evon”) serves as the other general partner. Justice owns a 543 room hotel property located at 750 Kearny Street, San Francisco, California 94108, known as the “Hilton San Francisco Financial District” (the “Hotel”) and related facilities, including a five-level underground parking garage. The financial statements of Justice have been consolidated with those of the Company.

The Hotel is operated by the Partnership as a full service Hilton brand hotel pursuant to a Franchise License Agreement with Hilton Hotels Corporation. The term of the Agreement is for a period of 15 years commencing on January 12, 2006, with an option to extend the license term for another five years, subject to certain conditions. Justice also has a Management Agreement with Prism Hospitality L.P. (“Prism”) to perform the day-to-day management functions of the Hotel.

The parking garage that is part of the Hotel property is managed by Ace Parking pursuant to a contract with the Partnership. Justice also leases a portion of the lobby level of the Hotel to a day spa operator. Portsmouth also receives management fees as a general partner of Justice for its services in overseeing and managing the Partnership’s assets. Those fees are eliminated in consolidation.

In addition to the operations of the Hotel, the Company also generates income from the ownership and management of real estate. On December 31, 1997, the Company acquired a controlling 55.4% interest in Intergroup Woodland Village, Inc. (“Woodland Village”) from InterGroup. Woodland Village's major asset is a 27-unit apartment complex located in Los Angeles, California. The Company also owns a two-unit apartment building in Los Angeles, California.

### Three Months Ended March 31, 2013 Compared to Three Months Ended March 31, 2012

The Company had a net loss of \$505,000 for the three months ended March 31, 2013 compared to net income of \$491,000 for the three months ended March 31, 2012. The change is primarily attributable to a net loss from hotel operations during the current period, partially offset by lower income from marketable securities.

The Company had a net loss from hotel operations of \$321,000 for the three months ended March 31, 2013, compared to net income of \$336,000 for the three months ended March 31, 2012. The decrease in net income is primarily attributable to a significant increase in operating expenses in the current period and decreases in food and beverage revenues, partially offset by an increase in room revenues room compared to the prior year period.

The following table sets forth a more detailed presentation of Hotel operations for the three months ended March 31, 2013 and 2012.

<b><u>For the three months ended March 31,</u></b>	<b><u>2013</u></b>	<b><u>2012</u></b>
Hotel revenues:		
Hotel rooms	\$ 8,139,000	\$ 7,767,000
Food and beverage	1,483,000	1,524,000
Garage	688,000	671,000
Other operating departments	165,000	192,000
Total hotel revenues	10,475,000	10,154,000
Operating expenses excluding interest, depreciation and amortization	<u>(9,563,000)</u>	<u>(8,572,000)</u>
Operating income before interest, depreciation and amortization	912,000	1,582,000
Interest	(648,000)	(676,000)
Depreciation and amortization	<u>(585,000)</u>	<u>(570,000)</u>
Net (loss) income from hotel operations	<u>\$ (321,000)</u>	<u>\$ 336,000</u>

For the three months ended March 31, 2013, the Hotel generated operating income of \$912,000 before interest, depreciation and amortization, on total operating revenues of \$10,475,000 compared to operating income of \$1,582,000 before interest, depreciation and amortization, on total operating revenues of \$10,154,000 for the three months ended March 31, 2012. Room revenues increased by \$372,000 for the three months ended March 31, 2013 compared to the three months ended March 31, 2012, food and beverage revenues decreased by \$41,000 and garage revenues increased by \$17,000 for the same period. Despite the overall increase in total hotel revenues, operating income was negatively impacted by an increase of \$991,000 in operating expenses during the current period due to several factors.

Major factors for the increase in operating expenses were an increase in contractual union wages and benefits in all operating departments and higher commissions paid for certain group and city-wide convention business in the current period. There was also a loss of approximately \$368,000 in the Hotel's food and beverage operations attributable to higher labor costs and lower banquet and catering revenues. Franchise and management fees, which are based on a percentage of revenues, also increased as well as costs for certain promotions for Hilton Honors members during the current period.

The following table sets forth the average daily room rate, average occupancy percentage and room revenue per available room ("RevPar") of the Hotel for the three months ended March 31, 2013 and 2012.

<b><u>Three Months Ended March 31,</u></b>	<b><u>Average Daily Rate</u></b>	<b><u>Average Occupancy %</u></b>	<b><u>RevPar</u></b>
<b>2013</b>	\$198	84%	\$167
<b>2012</b>	\$188	84%	\$157

Room revenues remained strong as the San Francisco market continued to have good demand for higher rated business. The Hotel's average daily rate increased by \$10 for the three months ended March 31, 2013 compared to the

three months ended March 31, 2012, while occupancy percentages remained the same. As a result, the Hotel was able to achieve a RevPar number that was \$10 higher than the comparative three month period.

Our highest priority is guest satisfaction. We believe that enhancing the guest experience differentiates the Hotel from our competition by building the most sustainable guest loyalty. In Fiscal 2012, we launched and celebrated our new executive lounge on the 26<sup>th</sup> floor, featuring inspiring views of the San Francisco city skyline. We upgraded the lobby and common areas. We also improved our restaurant facilities, food and beverage services and now provide advanced technological amenities throughout our lobby. During the current quarter, we completed a significant, “green” project that retrofits all of our guest room windows with new “double-pane” inserts that result in greater energy savings and better sound attenuation for our guests. Our guest responses to these improvements have been very positive. The Hotel is also a leader in implementing Hilton’s Huanying (“Welcome”) program that features a tailored experience for Chinese travelers. We continue taking steps that further develop our ties with the local Chinese community and the city of San Francisco, representing good corporate citizenship and promoting important, new business opportunities.

Moving forward, we will continue to focus on cultivating more international business, especially from China, and capturing a greater percentage of the higher rated business, leisure and group travel. We will also continue in our efforts to upgrade our guest rooms and facilities and explore new and innovative ways to differentiate the Hotel from its competition, as well as focusing on returning our food and beverage operations to profitability. During the last twelve months, we have seen steady improvement in business and leisure travel. If that trend in the San Francisco market and the hotel industry continues, it should translate into an increase in room revenues and profitability. However, like all hotels, it will remain subject to the uncertain domestic and global economic environment and other risk factors beyond our control, such as the effect of natural disasters.

The Company had net income on marketable securities of \$17,000 for the three months ended March 31, 2013 compared to net income on marketable securities of \$655,000 for the three months ended March 31, 2012. For the three months ended March 31, 2013, the Company had a net realized gain of \$144,000 and a net unrealized loss of \$127,000. For the three months ended March 31, 2012, the Company had a net realized gain of \$388,000 and a net unrealized gain of \$267,000. Gains and losses on marketable securities may fluctuate significantly from period to period in the future and could have a significant impact on the Company’s results of operations. However, the amount of gain or loss on marketable securities for any given period may have no predictive value and variations in amount from period to period may have no analytical value. For a more detailed description of the composition of the Company’s marketable securities see the Marketable Securities section below.

During the three months ended March 31, 2012, the Company performed an impairment analysis of its other investments and determined that one of its investments had an other than temporary impairment and recorded impairment losses of \$40,000. There were no such losses during the three months ended March 31, 2013.

The Company and its subsidiary, Portsmouth, compute and file income tax returns and prepare discrete income tax provisions for financial reporting. Since Portsmouth consolidates Justice (Hotel) for financial reporting purposes and is not taxed on its 50% non-controlling interest in the Hotel, variability in the tax provision results from the relative significance of the non-controlling interest and the magnitude of the pretax income or loss at the Company and its subsidiary. The income tax benefit (expense) during the three months ended March 31, 2013 and 2012 represents income tax benefit (expense) of Portsmouth. Santa Fe’s income tax was zero due to its net loss and the full valuation of its deferred income tax asset from net operating loss carryover.

### **Nine Months Ended March 31, 2013 Compared to Nine Months Ended March 31, 2012**

The Company had net income of \$476,000 for the nine months ended March 31, 2013 compared to net income of \$610,000 for the nine months ended March 31, 2012. The change is primarily due to the lower loss from investing activities, partially offset by the decreased income from hotel operations during the current period.

The Company had net income from hotel operations of \$1,725,000 for the nine months ended March 31, 2013, compared to net income of \$3,440,000 for the nine months ended March 31, 2012. The decrease in net income is attributable to a significant increase in operating expenses in the current period and a decrease in other revenues, partially offset by an increase in room, food and beverage and garage revenues room compared to the prior year period.

The following table sets forth a more detailed presentation of Hotel operations for the nine months ended March 31, 2013 and 2012.

<b><u>For the nine months ended March 31,</u></b>	<b><u>2013</u></b>	<b><u>2012</u></b>
Hotel revenues:		
Hotel rooms	\$ 26,352,000	\$ 24,562,000
Food and beverage	4,502,000	4,329,000
Garage	2,107,000	2,053,000
Other operating departments	620,000	731,000
Total hotel revenues	<u>33,581,000</u>	<u>31,675,000</u>
Operating expenses excluding interest, depreciation and amortization	<u>(28,125,000)</u>	<u>(24,513,000)</u>

Interest	(1,972,000)	(2,059,000)
Depreciation and amortization	<u>(1,759,000)</u>	<u>(1,663,000)</u>
Net income from hotel operations	<u>\$ 1,725,000</u>	<u>\$ 3,440,000</u>

For the nine months ended March 31, 2013, the Hotel generated operating income of \$5,456,000 before interest, depreciation and amortization, on total operating revenues of \$33,581,000 compared to operating income of \$7,162,000 before interest, depreciation and amortization, on total operating revenues of \$31,675,000 for the nine months ended March 31, 2012. Room revenues increased by \$1,790,000 for the nine months ended March 31, 2013 compared to the nine months ended March 31, 2012, food and beverage revenues increased by \$173,000 and garage revenues increased by \$54,000, while other revenues decreased by \$111,000 for the same period. Despite the increase in total hotel revenues, operating income was negatively impacted by a significant increase of \$3,612,000 in operating expenses during the current period due to several factors.

Major factors for the increase in operating expenses were an increase in contractual union wages and benefits in all operating departments, a reserve established for other wage costs and higher commissions on certain group and city-wide convention business in the current period. There was also a loss of approximately \$1,032,000 in the Hotel's food and beverage operations primarily attributable to higher labor costs and increased staffing for new food operations as part of a plan to capture anticipated business from the newly constructed City College of San Francisco campus next to the Hotel. That business did not materialize as City College opened with an enrollment of only 20% of its expected capacity of 5,000 to 7,000 students per day during the week. In addition, Hurricane Sandy resulted in cancellations of higher rated corporate and group business in October and November 2012 that was replaced by lower rated crew and transient business that did not utilize the Hotel's food and beverage outlets or banquet and catering services. In the prior nine month period, the Hotel also recorded a credit for property taxes in the amount of \$270,000 for an over accrual of taxes related to the reassessment of the improvements of the Hotel that was less than anticipated. Franchise and management fees, which are based on a percentage of revenues, also increased as well as costs for certain promotions for Hilton Honors members during the current period.

The following table sets forth the average daily room rate, average occupancy percentage and room revenue per available room ("RevPar") of the Hotel for the nine months ended March 31, 2013 and 2012.

<b><u>Nine Months Ended March 31,</u></b>	<b><u>Average Daily Rate</u></b>	<b><u>Average Occupancy %</u></b>	<b><u>RevPar</u></b>
<b>2013</b>	\$201	88%	\$177
<b>2012</b>	\$189	87%	\$164

The operating results of the Hotel's rooms department remained strong as the San Francisco market continued to show signs of recovery. The Hotel's average daily rate increased by \$12 for the nine months ended March 31, 2013 compared to the nine months ended March 31, 2012. The increase in occupancy of 1% was due to increased demand for hotel rooms in San Francisco and the Hotel's ability to capture a greater share of those rooms within its market set. As a result, the Hotel was able to achieve a RevPar number that was \$13 higher than the comparative nine month period. Those results made it possible for Justice Investors to declare a limited partnership distribution in December 2012 in the total amount of \$1,200,000, of which Portsmouth received \$600,000. In December 2011, Justice declared a limited partnership distribution in the aggregate amount of \$1,000,000, of which Portsmouth received \$500,000.

Our highest priority is guest satisfaction. We believe that enhancing the guest experience differentiates the Hotel from our competition by building the most sustainable guest loyalty. In Fiscal 2012, we launched and celebrated our new executive lounge on the 26<sup>th</sup> floor, featuring inspiring views of the San Francisco city skyline. We upgraded the lobby and common areas. The Company had a net loss on marketable securities of \$332,000 for the nine months ended March 31, 2013 compared to a net loss marketable securities of \$1,575,000 for the nine months ended March 31, 2012. For the nine months ended March 31, 2013, the Company had a net realized gain of \$178,000 and a net unrealized loss of \$510,000. For the nine months ended March 31, 2012, the Company had a net realized loss of \$115,000 and a net unrealized loss of \$1,460,000. Gains and losses on marketable securities may fluctuate significantly from period to period in the future and could have a significant impact on the Company’s results of operations. However, the amount of gain or loss on marketable securities for any given period may have no predictive value and variations in amount from period to period may have no analytical value. For a more detailed description of the composition of the Company’s marketable securities see the Marketable Securities section below.

During the nine months ended March 31, 2013, the Company had an unrealized loss of \$169,000 related to other investments compared to an unrealized loss of \$284,000 for the nine months ended March 31, 2012. The decrease in the unrealized loss is due to the lower decline in the estimated fair value of stock warrants the Company owns during the current period.

During the nine months ended March 31, 2012, the Company performed an impairment analysis of its other investments and determined that one of its investments had an other than temporary impairment and recorded impairment losses of \$427,000. There were no such losses during the nine months ended March 31, 2013.

## LIQUIDITY AND SOURCES OF CAPITAL

The Company's cash flows are primarily generated from its Hotel operations, and general partner management fees and limited partnership distributions from Justice Investors. The Company also receives cash flow generated from the investment of its cash and marketable securities, other investments and the ownership of real estate.

Due to the significant downturn in the San Francisco hotel market beginning in September 2008 and the continued weakness in domestic and international economies, no Partnership distributions were paid in fiscal 2011 and 2010. During such periods, the Company had to depend more on the revenues generated from the investment of its cash and marketable securities and from its general partner management fees. Since we have seen improvement in the operations of the Hotel, and the San Francisco market in general, Justice was in a position to pay a limited partnership distribution in December 2012 in an aggregate amount of \$1,200,000, of which Portsmouth received \$600,000. In December 2011, Justice paid a limited partnership distribution in an aggregate amount of \$1,000,000, of which Portsmouth received \$500,000. The general partners of Justice will continue to monitor and review the operations and financial results of the Hotel and to set the amount of any future distributions that may be appropriate based on operating results, cash flows and other factors, including establishment of reasonable reserves for debt payments and operating contingencies.

In December 2012, Portsmouth declared a special cash dividend of \$0.25 per common share or \$183,000, which was paid on December 28, 2012 to shareholders of record as of December 21, 2012.

The new Justice Compensation Agreement that became effective on December 1, 2008, when Portsmouth assumed the role of managing general partner of Justice, has provided additional cash flows to the Company. Under the new Compensation Agreement, Portsmouth is now entitled to 80% of the minimum base fee to be paid to the general partners of \$285,000, while under the prior agreement, Portsmouth was entitled to receive only 20% of the minimum base fee. As a result of that new agreement and the increase in Hotel gross revenues in the current period, total general partner fees paid to Portsmouth for the nine months ended March 31, 2013 increased to \$291,000, compared to \$273,000 for the nine month period ended March 31, 2012.

To meet its substantial financial commitments for the renovation and transition of the Hotel to a Hilton, Justice had to rely on borrowings to meet its obligations. On July 27, 2005, Justice entered into a first mortgage loan with The Prudential Insurance Company of America in a principal amount of \$30,000,000 (the "Prudential Loan"). The term of the Prudential Loan is for 120 months at a fixed interest rate of 5.22% per annum. The Prudential Loan calls for monthly installments of principal and interest in the amount of approximately \$165,000, calculated on a 30-year amortization schedule. The Loan is collateralized by a first deed of trust on the Partnership's Hotel property, including all improvements and personal property thereon and an assignment of all present and future leases and rents. The Prudential Loan is without recourse to the limited and general partners of Justice. The principal balance of the Prudential Loan was \$26,198,000 as of March 31, 2013.

On March 27, 2007, Justice entered into a second mortgage loan with Prudential (the "Second Prudential Loan") in a principal amount of \$19,000,000. The term of the Second Prudential Loan is for 100 months and matures on August 5, 2015, the same date as the first Prudential Loan. The Second Prudential Loan is at a fixed interest rate of 6.42% per annum and calls for monthly installments of principal and interest in the amount of \$119,000, calculated on a 30-year amortization schedule. The Second Prudential Loan is collateralized by a second deed of trust on the Partnership's Hotel property, including all improvements and personal property thereon and an assignment of all present and future

leases and rents. The Second Prudential Loan is also without recourse to the limited and general partners of Justice. The principal balance of the Second Prudential Loan was \$17,447,000 as of March 31, 2013.

Effective April 29, 2010, the Partnership obtained a modification of its \$2,500,000 unsecured revolving line of credit facility with East West Bank that was to mature on April 30, 2010, and converted that line of credit facility to an unsecured term loan. The modification provides that Justice will pay the \$2,500,000 balance on its line of credit facility over a period of four years, to mature on April 30, 2014. This term loan calls for monthly principal and interest payments of \$41,000, calculated on a nine-year amortization schedule, with interest only from May 1, 2010 to August 31, 2010. Pursuant to the modification, the annual floating interest rate was reduced by 0.5% to the Wall Street Journal Prime Rate plus 2.5% (with a minimum floor rate of 5.0% per annum). The modification provides for new financial covenants that include specific financial ratios and a return to minimum profitability after June 30, 2011. Management believes that the Partnership has the ability to meet the specific covenants and the Partnership was in compliance with the covenants as of March 31, 2013. As of March 31, 2013, the interest rate was 5.75% and the outstanding balance was \$1,272,000.

Despite an uncertain economy, the Hotel has continued to generate positive cash flows. While the debt service requirements related to the two Prudential loans, as well as the term loan to pay off the line of credit, may create some additional risk for the Company and its ability to generate cash flows in the future, management believes that cash flows from the operations of the Hotel and the garage will continue to be sufficient to meet all of the Partnership's current and future obligations and financial requirements. Management also believes that there is sufficient equity in the Hotel assets to support future borrowings, if necessary, to fund any new capital improvements and other requirements.

The Company has invested in short-term, income-producing instruments and in equity and debt securities when deemed appropriate. The Company's marketable securities are classified as trading with unrealized gains and losses recorded through the consolidated statements of operations.

Management believes that its cash, marketable securities, other investments, real estate operations and the cash flows generated from those assets and from partnership distributions and management fees, will be adequate to meet the Company's current and future obligations.

## OFF BALANCE SHEET ARRANGEMENTS

The Company has no off balance sheet arrangements.

## IMPACT OF INFLATION

Hotel room rates are typically impacted by supply and demand factors, not inflation, since rental of a hotel room is usually for a limited number of nights. Room rates can be, and usually are, adjusted to account for inflationary cost increases. Since Prism has the power and ability under the terms of its management agreement to adjust hotel room rates on an ongoing basis, there should be minimal impact on partnership revenues due to inflation. Partnership revenues are also subject to interest rate risks, which may be influenced by inflation. For the two most recent fiscal years, the impact of inflation on the Company's income is not viewed by management as material.

The Company's residential rental properties provide income from short-term operating leases and no lease extends beyond one year. Rental increases are expected to offset anticipated increased property operating expenses.

## **CRITICAL ACCOUNTING POLICIES AND USE OF ESTIMATES**

Critical accounting policies are those that are most significant to the presentation of our financial position and results of operations and require judgments by management in order to make estimates about the effect of matters that are inherently uncertain. The preparation of these condensed financial statements requires us to make estimates and judgments that affect the reported amounts in our consolidated financial statements. We evaluate our estimates on an on-going basis, including those related to the consolidation of our subsidiaries, to our revenues, allowances for bad debts, accruals, asset impairments, other investments, income taxes and commitments and contingencies. We base our estimates on historical experience and on various other assumptions that we believe to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying values of assets and liabilities. The actual results may differ from these estimates or our estimates may be affected by different assumptions or conditions. There have been no material changes to the Company's critical accounting policies during the three and nine months ended March 31, 2013. Please refer to the Company's Annual Report on Form 10-K for a summary of the critical accounting policies.

**Item 5. Other Information.**

As reported in the Company's report on Form 8-K filed on March 29, 2013, Santa Fe's subsidiary, Portsmouth, mailed a letter to the limited partners of Justice making a proposal (the Proposal") whereby Justice will offer to redeem, for cash, all or part of the limited partnership interests of limited partners wishing to tender their limited partnership interests back to the Partnership (the "Redemption") with the final Redemption Price to be determined through a Dutch Auction procedure at prices ranging from \$800,000 to \$900,000 per 1% interest. The Redemption is conditioned on there being a minimum tender of at least 34% of the limited partnership interests at prices within the range stated above. The proposed Redemption would be funded through a refinancing of the Hotel which would take advantage of current favorable interest rates and which we believe would help provide for the long-term financial stability of the Partnership. Under the Proposal, the Partnership would reserve the right, in its sole discretion, to redeem limited partnership interests in excess of 34% if funds were still available.

In addition to the minimum 34% tender requirement, the Proposal is subject to: (1) the approval by at least 75% of the limited partnership interests to remove Evon Corporation as the other general partner of Justice; (2) the approval by at least 75% of the limited partnership interests to amend the Justice Limited Partnership Agreement to (a) provide for a single general partner and (b) delete certain provisions of the Limited Partnership Agreement which restrict certain

transfers of limited partnership interests, which revisions would be necessary to effectuate the proposed Redemption; (3) approval of the proposed Redemption and refinancing of the Hotel; and (4) consummation of the refinancing of the Hotel. Portsmouth will vote its 50% limited partnership interest in favor of the amendments to the Limited Partnership Agreement and any proposals necessary to effectuate the Redemption and the refinancing of the Hotel. Under the Proposal, all Redemption elections and consents to the above actions must be received no later than April 15, 2013 (unless that deadline is extended in the sole discretion of the Partnership). That deadline was extended to May 15, 2013 and further extensions might be possible. It is expected that the Redemption could be effectuated within ninety (90) days after all conditions of the Proposal have been met.

All limited partners are free to elect to participate in the Redemption or not to participate in the Redemption. Those limited partners that do not participate in the Redemption (including Portsmouth) will remain as limited partners in Justice. Assuming that the minimum 34% participation threshold is reached and all other conditions necessary to effectuate the Redemption and refinancing of the Hotel are satisfied, the limited partnership interests of those limited partners who do not elect to participate in the Redemption will increase in an amount proportionate with the percentages of the limited partnership interests that are redeemed.
