PORTSMOUTH SQUARE, INC.
NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(UNAUDITED)

NOTE 1 – BASIS OF PRESENTATION AND SIGNIFICANT ACCOUNTING POLICIES

The condensed consolidated financial statements included herein have been prepared by Portsmouth Square, Inc. (“Portsmouth” or the “Company”), without audit, according to the rules and regulations of the Securities and Exchange Commission. Certain information and footnote disclosures normally included in the condensed consolidated financial statements prepared in accordance with generally accepted accounting principles (U.S. GAAP) have been condensed or omitted pursuant to such rules and regulations, although the Company believes the disclosures that are made are adequate to make the information presented not misleading. Further, the condensed consolidated financial statements reflect, in the opinion of management, all adjustments (which included only normal recurring adjustments) necessary for a fair statement of the financial position, cash flows and results of operations as of and for the periods indicated. It is suggested that these financial statements be read in conjunction with the audited financial statements of Portsmouth and the notes therein included in the Company’s Annual Report on Form 10-K for the year ended June 30, 2017. The June 30, 2017 Condensed Consolidated Balance Sheet was derived from the Company’s Form 10-K for the year ended June 30, 2017.

The results of operations for the three and nine months ended March 31, 2018 are not necessarily indicative of results to be expected for the full fiscal year ending June 30, 2018.

Portsmouth’s primary business is conducted through its general and limited partnership interest in Justice Investors Limited Partnership, a California limited partnership (“Justice” or the “Partnership”). Portsmouth has a 93.1% limited partnership interest in Justice and is the sole general partner. The financial statements of Justice are consolidated with those of the Company.

As of March 31, 2018, Santa Fe Financial Corporation (“Santa Fe”), a public company, owns approximately 68.8% of the outstanding common shares of Portsmouth. Santa Fe is an 81.9%-owned subsidiary of The InterGroup Corporation (“InterGroup”), a public company. InterGroup also directly owns approximately 13.4% of the common stock of Portsmouth.

Justice, through its subsidiaries Justice Holdings Company, LLC (“Holdings”), Justice Operating Company, LLC (“Operating”), Justice Mezzanine Company, LLC (“Mezzanine”), and Kearny Street Parking, LLC (“Parking”) owns a 544-room hotel property located at 750 Kearny Street, San Francisco California, known as the Hilton San Francisco Financial District (the “Hotel”) and related facilities including a five-level underground parking garage. Holdings, Mezzanine, and Parking are all wholly-owned subsidiaries of the Partnership; Operating is a wholly-owned subsidiary of Mezzanine. Mezzanine is the borrower under certain mezzanine indebtedness of Justice, and in December 2013, the Partnership conveyed ownership of the Hotel to Operating. The Hotel is operated by the partnership as a full-service Hilton brand hotel pursuant to a Franchise License Agreement with HLT Franchise Holding LLC (Hilton).

Justice had a management agreement with Prism Hospitality L.P. (“Prism”) to perform certain management functions for the Hotel. The management agreement with Prism had an original term of ten years, subject to the Partnership’s right to terminate at any time with or without cause. Effective January 2014, the management agreement with Prism was amended by the Partnership to change the nature of the services provided by Prism and the compensation payable to Prism, among other things. Prism’s management agreement was terminated upon its expiration date of February 3, 2017. Effective December 1, 2013, GMP Management, Inc. (“GMP”), a company owned by a Justice limited partner and a related party, also provided management services for the Partnership pursuant to a management services agreement, with a three-year term, subject to the Partnership’s right to terminate earlier for cause. In June 2016, GMP resigned. On February 1, 2017, Justice entered into a Hotel management agreement (“HMA”) with Interstate Management Company, LLC (“Interstate”) to manage the Hotel with an effective takeover date of February 3, 2017. The term of the HMA is for an initial period of ten years commencing on the takeover date and automatically renews for an additional year not to exceed five years in the aggregate subject to certain conditions. The HMA also provides for Interstate to advance a key money incentive fee to the Hotel for capital improvements in the amount of \$2,000,000 under certain terms and conditions described in a separate key money agreement. The \$2,000,000 is included in the restricted cash and related party and other notes payable balances in the condensed consolidated balance sheets as of March 31, 2018 and June 30, 2017.

The parking garage that is part of the Hotel property was managed by Ace Parking pursuant to a contract with the Partnership. The contract was terminated with an effective termination date of October 4, 2016. The Company began managing the parking garage in-house after the termination of Ace Parking. Effective February 3, 2017, Interstate took over the management of the parking garage along with the Hotel.

Due to Securities Broker

Various securities brokers have advanced funds to the Company for the purchase of marketable securities under standard margin agreements. These advanced funds are recorded as a liability.

Obligations for Securities Sold

Obligation for securities sold represents the fair market value of shares sold with the promise to deliver that security at some future date and the fair market value of shares underlying the written call options with the obligation to deliver that security when and if the option is exercised. The obligation may be satisfied with current holdings of the same security or by subsequent purchases of that security. Unrealized gains and losses from changes in the obligation are included in the condensed consolidated statements of operations.

Income Tax

The Company consolidates Justice (“Hotel”) for financial reporting purposes and is not taxed on its non-controlling interest in the Hotel. The income tax benefit (expense) during the three and nine months ended March 31, 2018 and 2017 represents the income tax effect on the Company’s pretax income which includes its share in the net income of the Hotel. Additionally, the income tax benefit (expense) includes adjustments relating to the changes in the tax rates and effect on the deferred tax assets as a result of the recent tax law changes.

Financial Condition and Liquidity

The Company’s cash flows are primarily generated from its Hotel operations. The Company also receives cash generated from the investment of its cash and marketable securities and other investments.

To fund the redemption of limited partnership interests and to repay the prior mortgage of \$42,940,000, Justice obtained a \$97,000,000 mortgage loan and a \$20,000,000 mezzanine loan. The mortgage loan is secured by the Partnership’s principal asset, the Hotel. The mortgage loan bears an interest rate of 5.275% per annum with interest only payments due through January 2017. Beginning in February 2017, the loan began to amortize over a thirty-year period through its maturity date of January 2024. As additional security for the mortgage loan, there is a limited guaranty executed by the Company in favor of mortgage lender. The mezzanine loan is secured by the Operating membership interest held by Mezzanine and is subordinated to the Mortgage Loan. The mezzanine interest only loan bears interest at 9.75% per annum and matures in January 2024. As additional security for the mezzanine loan, there is a limited guaranty executed by the Company in favor of mezzanine lender.

Effective as of May 11, 2017, InterGroup agreed to become an additional guarantor under the limited guaranty and an additional indemnitor under the environmental indemnity for Justice Investors limited partnership’s \$97,000,000 mortgage loan and the \$20,000,000 mezzanine loan. Pursuant to the agreement, InterGroup is required to maintain a certain net worth and liquidity. As of March 31, 2018, InterGroup is in compliance with both requirements.

Despite an uncertain economy, the Hotel has continued to generate positive operating income. While the debt service requirements related the loans may create some additional risk for the Company and its ability to generate cash flows in the future, management believes that cash flows from the operations of the Hotel and the garage will continue to be sufficient to meet all of the Partnership’s current and future obligations and financial requirements.

The Company has invested in short-term, income-producing instruments and in equity and debt securities when deemed appropriate. The Company's marketable securities are classified as trading with unrealized gains and losses recorded through the consolidated statements of operations.

Management believes that its cash, marketable securities, and the cash flows generated from those assets and from the partnership management fees, will be adequate to meet the Company's current and future obligations. Additionally, management believes there is significant appreciated value in the Hotel property to support additional borrowings, if necessary.

Recently Issued Accounting Pronouncements and U.S. Tax Reform

In August 2014, the FASB issued ASU No. 2014-15, *Disclosure of Uncertainties about an Entity's Ability to Continue as a Going Concern* that requires management to evaluate whether there are conditions and events that raise substantial doubt about the Company's ability to continue as a going concern within one year after the financial statements are issued on both an interim and annual basis. Management is required to provide certain footnote disclosures if it concludes that substantial doubt exists or when its plans alleviate substantial doubt about the Company's ability to continue as a going concern. ASU No. 2014-15 becomes effective for annual periods beginning after December 15, 2016 and for interim reporting periods thereafter. The Company's adoption of this ASU did not have a material impact on its consolidated financial statements.

On June 16, 2016, the FASB issued ASU 2016-13, "*Financial Instruments - Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments.*" This ASU modifies the impairment model to utilize an expected loss methodology in place of the currently used incurred loss methodology, which will result in the more timely recognition of losses. ASU No. 2016-13 will be effective for us as of January 1, 2020. The Company is currently reviewing the effect of ASU No. 2016-13.

In May 2014, the FASB issued Accounting Standards Update No. 2014-09, *Revenue from Contracts with Customers (Topic 606)* (ASU 2014-09), which amends the existing accounting standards for revenue recognition. In August 2015, the FASB issued ASU No. 2015-14, *Revenue from Contracts with Customers (Topic 606): Deferral of the Effective Date*, which delays the effective date of ASU 2014-09 by one year. The FASB also agreed to allow entities to choose to adopt the standard as of the original effective date. In March 2016, the FASB issued Accounting Standards Update No. 2016-08, *Revenue from Contracts with Customers (Topic 606): Principal versus Agent Considerations (Reporting Revenue Gross versus Net)* (ASU 2016-08) which clarifies the implementation guidance on principal versus agent considerations. The guidance includes indicators to assist an entity in determining whether it controls a specified good or service before it is transferred to the customers. The new revenue recognition standard will be effective for the Company in the first quarter of 2019, with the option to adopt it in the first quarter of 2018. We currently anticipate adopting the new standard effective July 1, 2019. The new standard also permits two methods of adoption: retrospectively to each prior reporting period presented (full retrospective method), or retrospectively with the cumulative effect of initially applying the guidance recognized at the date of initial application (the modified retrospective method). The Company currently anticipates adopting the standard using the modified retrospective method. While the Company is still in the process of completing the analysis on the impact this guidance will have on the consolidated financial statements and related disclosures, the Company does not expect the impact to be material.

In February 2016, the FASB issued ASU No. 2016-02, *Leases (Topic 842)* (ASU 2016-02), which supersedes existing guidance on accounting for leases in Leases (Topic 840) and generally requires all leases, including operating leases, to be recognized in the statement of financial position as right-of-use assets and lease liabilities by lessees. The provisions of ASU 2016-02 are to be applied using a modified retrospective approach and are effective for reporting periods beginning after December 15, 2018; early adoption is permitted. We intend to adopt the standard on July 1, 2019. The Company is currently reviewing the effect of ASU No. 2016-02.

On December 22, 2017, the U.S. government enacted comprehensive tax legislation commonly referred to as the Tax Cuts and Jobs Act (the "Tax Act"). The Tax Act significantly revises the future ongoing corporate income tax by, among other things, lowering corporate income tax rates. As the Company has a June 30 fiscal year-end, the lower corporate income tax rate will be phased in, resulting in a statutory federal rate of approximately 28% for our fiscal year ending June 30, 2018, and 21% for subsequent fiscal years. The reduction of the corporate tax rate will cause us to reduce our deferred tax asset to the lower federal base rate of 21%. As a result, a provisional net charge of \$3,313,000 was included in the income tax expense for the quarter ended December 31, 2017.

The changes included in the Tax Act are broad and complex. The final transition impacts of the Tax Act may differ from the above estimate, possibly materially, due to, among other things, changes in interpretations of the Tax Act, any legislative action to address questions that arise because of the Tax Act, any changes in accounting standards for income taxes or related interpretations in response to the Tax Act, or any updates or changes to estimates the company has utilized to calculate the transition impact. The Securities Exchange Commission has issued rules that would allow for a measurement period of up to one year after the enactment date of the Tax Act to finalize the recording of the related tax impacts. We currently anticipate finalizing and recording any resulting adjustments by the end of our current fiscal year ending June 30, 2018.

NOTE 4 – OTHER INVESTMENTS, NET

The Company may also invest, with the approval of the securities investment committee and other Company guidelines, in private investment equity funds and other unlisted securities, such as convertible notes through private placements. Those investments in non-marketable securities are carried at cost on the Company's balance sheet as part of other investments, net of other than temporary impairment losses.

Other investments, net consist of the following:

<u>Type</u>	<u>March 31, 2018</u>	<u>June 30, 2017</u>
Private equity hedge fund, at cost	\$ 202,000	\$ 284,000
Other preferred stock	83,000	105,000
	\$ 285,000	\$ 389,000

NOTE 5 – FAIR VALUE MEASUREMENTS

The carrying values of the Company’s financial instruments not required to be carried at fair value on a recurring basis approximate fair value due to their short maturities (i.e., accounts receivable, other assets, accounts payable and other liabilities) or the nature and terms of the obligation (i.e., other notes payable and mortgage notes payable).

The assets measured at fair value on a recurring basis are as follows:

As of	3/31/2018 Total - Level 1	6/30/2017 Total - Level 1
Assets:		
Investment in marketable securities:		
Basic materials	\$ 445,000	\$ 1,816,000
Energy	-	411,000
Technology	312,000	918,000
Other	909,000	716,000
	<u>\$ 1,666,000</u>	<u>\$ 3,861,000</u>

The fair values of investments in marketable securities are determined by the most recently traded price of each security at the balance sheet date.

Financial assets that are measured at fair value on a non-recurring basis and are not included in the tables above include “Other investments, net (non-marketable securities),” that were initially measured at cost and have been written down to fair value as a result of impairment or adjusted to record the fair value of new instruments received (i.e., preferred shares) in exchange for old instruments (i.e., debt instruments). The following table shows the fair value hierarchy for these assets measured at fair value on a non-recurring basis as follows:

Assets	Level 3	March 31, 2018	Net loss for the nine months ended March 31, 2018
Other non-marketable investments	\$ 285,000	\$ 285,000	\$ (72,000)

Assets	Level 3	June 30, 2017	Net loss for the nine months ended March 31, 2017
Other non-marketable investments	\$ 389,000	\$ 389,000	\$ (55,000)

Other investments in non-marketable securities are carried at cost net of any impairment loss. The Company has no significant influence or control over the entities that issue these investments and holds less than 20% ownership in each of the investments. These investments are reviewed on a periodic basis for other-than-temporary impairment. The Company reviews several factors to determine whether a loss is other-than-temporary. These factors include but are not limited to: (i) the length of time an investment is in an unrealized loss position, (ii) the extent to which fair value is less than cost, (iii) the financial condition and near term prospects of the issuer and (iv) our ability to hold the investment for a period of time sufficient to allow for any anticipated recovery in fair value.

NOTE 6 – SEGMENT INFORMATION

The Company operates in two reportable segments, the operation of the hotel (“Hotel Operations”) and the investment of its cash in marketable securities and other investments (“Investment Transactions”). These two operating segments, as presented in the consolidated financial statements, reflect how management internally reviews each segment’s performance. Management also makes operational and strategic decisions based on this same information.

Information below represents reporting segments for the three and nine months March 31, 2018 and 2017, respectively. Operating income from Hotel operations consists of the operation of the hotel and operation of the garage. Income (loss) from investment transactions consist of net investment gain (loss), impairment loss on other investments, net unrealized gain (loss) on other investments, dividend and interest income and trading and margin interest expense. The other segment consists of corporate general and administrative expenses and the income tax expense (benefit) for the entire Company.

NOTE 7 – RELATED PARTY TRANSACTIONS

On July 2, 2014, the Partnership obtained from InterGroup (a related party) an unsecured loan in the principal amount of \$4,250,000 at 12% per year fixed interest, with a term of 2 years, payable interest only each month. InterGroup received a 3% loan fee. The loan may be prepaid at any time without penalty. The loan was extended to December 31, 2018.

Also included in the balance of related party note payable at March 31, 2018 is the obligation to Hilton (Franchisor) in the form of a self-exhausting, interest free development incentive note which is reduced by approximately \$316,000 annually through 2030 by Hilton if the Partnership is still a Franchisee with Hilton. The outstanding balance of the note as of March 31, 2018 and June 30, 2017, was \$3,720,000 and \$3,958,000, respectively.

On February 1, 2017, Justice entered into a Hotel management agreement (“HMA”) with Interstate Management Company, LLC (“Interstate”) to manage the Hotel with an effective takeover date of February 3, 2017. The term of the management agreement is for an initial period of 10 years commencing on the takeover date and automatically renews for an additional year not to exceed five years in aggregate subject to certain conditions. The HMA also provides for Interstate to advance a key money incentive fee to the Hotel for capital improvements in the amount of \$2,000,000 under certain terms and conditions described in a separate key money agreement. The key money contribution shall be amortized in equal monthly amounts over an eight (8) year period commencing on the second (2nd) anniversary of the takeover date. The \$2,000,000 is included in restricted cash and related party note payable balances in the condensed consolidated balance sheets as of March 31, 2018 and June 30, 2017.

In April 2017, Portsmouth obtained from InterGroup an unsecured short-term loan in the amount of \$1,000,000 at 5% per year fixed interest, with a term of five months and maturing September 6, 2017. The loan was extended to September 15, 2017 and paid off on September 13, 2017.

Effective May 12, 2017, InterGroup agreed to become an additional guarantor under the limited guaranty and an additional indemnitor under environmental indemnity for Justice Investors limited partnership’s \$97,000,000 mortgage loan and the \$20,000,000 mezzanine loan, in order to maintain certain minimum net worth and liquidity guarantor covenant requirements that Portsmouth was unable to satisfy independently as of March 31, 2017.

In connection with the redemption of the limited partnership interest of Justice, Justice Operating Company, LLC agreed to pay a total of \$1,550,000 in fees to certain officers and directors of the Company for services rendered in connection with the redemption of the partnership interests, refinancing of the Justices properties and reorganization of Justice. This agreement was superseded by a letter dated December 11, 2013 from Justice, in which Justice assumed the payment obligations of Justice Operating Company, LLC. As of March 31, 2018, \$200,000 of these fees remain payable and are included in related party and other notes payable on the accompanying condensed consolidated balance sheets.

Justice had an outstanding accounts payable balance to InterGroup for \$116,000 for management of the Hotel from June to December of 2016 which was paid in full as of December 31, 2017.

Four of the Company’s directors serve as directors of InterGroup and three of the Company’s Directors serve on the Board of Santa Fe.

John V. Winfield serves as Chief Executive Officer and Chairman of the Company, Santa Fe, and InterGroup. Depending on certain market conditions and various risk factors, the Chief Executive Officer, Santa Fe and InterGroup may, at times, invest in the same companies in which the Company invests. The Company encourages such investments because it places personal resources of the Chief Executive Officer and the resources of Santa Fe and InterGroup, at risk in connection with investment decisions made on behalf of the Company.

Item 2 – LEGAL PROCEEDINGS

We are involved from time to time in legal proceedings of types regarded as common in our business, including administrative or judicial proceedings, such as employment of labor disputes, breach of contract liability and premises liability litigation. Where appropriate, we may establish financial reserves for such proceedings. We also maintain insurance to mitigate certain types of risk.

On April 21, 2014, the Partnership commenced arbitration against Glaser Weil Fink Howard Avchen & Shapiro, LLP, Greet J. Cohen, Gary N. Jacobs, Janet S. McCloud, Paul B. Salvaty, and Joseph K. Fletcher III (“Respondents”) in connection with the redemption transaction. The Partnership alleged legal malpractice and also sought declaratory relief regarding provisions of the redemption option agreement. Prior to arbitration proceedings, the parties agreed in principle to settle the matter. The Respondents agreed to pay \$8,300,000. The settlement payment will be recorded upon receipt.

On May 5, 2016, Justice and Portsmouth entered into a settlement agreement relating to previously reported litigation with Evon Corporation and certain other parties. Under the settlement agreement, Justice, a subsidiary of Portsmouth agreed to pay Evon Corporation \$5,575,000. The final installment due was made in January 2017 and all conditions of the settlement agreement have been satisfied by the Company.

Readers are cautioned not to place undue reliance on these forward-looking statements, which speak only as to the date hereof. The Company undertakes no obligation to publicly release the results of any revisions to those forward-looking statements, which may be made to reflect events or circumstances after the date hereof or to reflect the occurrence of unanticipated events.

RESULTS OF OPERATIONS

The Company's principal business is conducted through its general and limited partnership interest in the Justice Investors Limited Partnership (“Justice” or the “Partnership”). Justice owns a 544 room hotel property located at 750 Kearny Street, San Francisco, California 94108, known as the “Hilton San Francisco Financial District” (the “Hotel” or the “Property”) and related facilities, including a five-level underground parking garage. The financial statements of Justice have been consolidated with those of the Company.

The Hotel is operated by the Partnership as a full service Hilton brand hotel pursuant to a Franchise License Agreement (the "License Agreement") with HLT Franchise Holding LLC (Hilton). The Partnership entered into the License Agreement on December 10, 2004. The term of the License Agreement was for an initial period of 15 years commencing on the opening date, with an option to extend the License Agreement for another five years, subject to certain conditions. On June 26, 2015, the Partnership and Hilton entered into an amended franchise agreement which extended the License Agreement through 2030, modified the monthly royalty rate, extended geographic protection to the Partnership and also provided the Partnership certain key money cash incentives to be earned through 2030. The key money cash incentives were received on July 1, 2015.

Justice had a management agreement with Prism Hospitality L.P. ("Prism") to perform certain management functions for the Hotel. The management agreement with Prism had an original term of ten years and could be terminated at any time with or without cause by the Partnership. Effective January 2014, the management agreement with Prism was amended by the Partnership to change the nature of the services provided by Prism and the compensation payable to Prism, among other things. Prism's management agreement was terminated upon its expiration date of February 3, 2017. Effective December 1, 2013, GMP Management, Inc. ("GMP"), a company owned by a Justice limited partner and a related party, began to provide management services for the Partnership pursuant to a management services agreement with a term of three years, subject to the Partnership's right to terminate earlier, for cause. In June 2016, GMP resigned. After a lengthy review process of several national third party hotel management companies, on February 1, 2017, Justice entered into a Hotel management agreement ("HMA") with Interstate Management Company, LLC ("Interstate") to manage the Hotel with an effective takeover date of February 3, 2017. The term of HMA is for an initial period of ten years commencing on the takeover date and automatically renews for an additional year not to exceed five years in aggregate subject to certain conditions. The HMA also provides for Interstate to advance a key money incentive fee to the Hotel for capital improvements in the amount of \$2,000,000 under certain terms and conditions described in a separate key money agreement. The \$2,000,000 was received in May 2017 and is included in the restricted cash and related party and other notes payable balances in the condensed consolidated balance sheets as of March 31, 2018 and June 30, 2017.

The parking garage that is part of the Hotel property was managed by Ace Parking pursuant to a contract with the Partnership. The contract was terminated with an effective termination date of October 4, 2016. The Company began managing the parking garage in-house after the termination of Ace Parking. Effective February 3, 2017, Interstate took over the management of the parking garage along with the Hotel.

For the nine months ended March 31, 2018 and 2017, the Company had a net loss of approximately \$1,156,000 related to the Company's investment in the common stock of Comstock. For the nine months ended March 31, 2018, the Company had a net realized gain of \$133,000 and a net unrealized loss of \$1,189,000. For the nine months ended March 31, 2017, the Company had a net realized gain of \$86,000 and a net unrealized loss of \$1,071,000. Gains and losses on marketable securities may fluctuate significantly from period to period in the future and could have a significant impact on the Company's results of operations. However, the amount of gain or loss on marketable securities for any given period may have no predictive value and variations in amount from period to period may have no analytical value. For a more detailed description of the composition of the Company's marketable securities see the Marketable Securities section below.

The Company consolidates Justice (Hotel) for financial reporting purposes and is not taxed on its non-controlling interest in the Hotel. The income tax expense during the nine months ended March 31, 2018 and 2017 represents the income tax effect on the Company's pretax income which includes its share in the net income of the Hotel. Due to recent tax reform act and the Company's fiscal year ending on June 30, 2018, the Company is utilizing a blended effective rate of the old and new tax rates that are in effect as of and for the nine months ended March 31, 2018.

FINANCIAL CONDITION AND LIQUIDITY

The Company's cash flows are primarily generated from its Hotel operations, general partner management fees, and limited partnership distributions from the Partnership. The Company also receives cash generated from the investment of its cash and marketable securities and other investments. On December 18, 2013, the Partnership completed an Offer to Redeem any and all limited partnership interests not held by Portsmouth. As a result, Portsmouth, which prior to the Offer to Redeem owned 50% of the then outstanding limited partnership interests now controls approximately 93% of the voting interest in Justice and is now its sole General Partner.

To fund the redemption of limited partnership interests and to repay the prior mortgage of \$42,940,000, Justice obtained a \$97,000,000 mortgage loan and a \$20,000,000 mezzanine loan. The mortgage loan is secured by the Partnership's principal asset, the Hotel. The mortgage loan bears an interest rate of 5.275% per annum with interest only payments due through January 2017. Beginning in February 2017, the loan began to amortize over a thirty-year period through its maturity date of January 2024. As additional security for the mortgage loan, there is a limited guaranty executed by the Company in favor of mortgage lender. The mezzanine loan is secured by the Operating membership interest held by Mezzanine and is subordinated to the Mortgage Loan. The mezzanine interest only loan bears interest at 9.75% per annum and matures in January 2024. As additional security for the mezzanine loan, there is a limited guaranty executed by the Company in favor of mezzanine lender. The outstanding balance of the senior loan and the mezzanine loans as of March 31, 2018 were \$95,359,000 and \$20,000,000, respectively. Effective May 12, 2017, InterGroup (a related party) agreed to become an additional guarantor under the limited guaranty and an additional indemnitor under the environmental indemnity for Justice Investors limited partnership's \$97,000,000 mortgage loan and the \$20,000,000 mezzanine loan.

On July 2, 2014, the Partnership obtained from InterGroup (a related party) an unsecured loan in the principal amount of \$4,250,000 at 12% per year fixed interest, with a term of 2 years, payable interest only each month. InterGroup received a 3% loan fee. The loan may be prepaid at any time without penalty. The loan was extended to December 31, 2018.

In April 2017, Portsmouth obtained from InterGroup an unsecured short-term loan in the amount of \$1,000,000 at 5% per year fixed interest, with a term of five months and maturing September 6, 2017. The short-term loan was extended to September 15, 2017 and paid off on September 13, 2017.

Despite an uncertain economy, the Hotel has continued to generate strong revenue growth. While the debt service requirements related the loans and the legal settlement may create some additional risks for the Company and its ability to generate cash flows in the future, management believes that cash flows from the operations of the Hotel and the garage will continue to be sufficient to meet all of the Partnership's current and future obligations and financial requirements.

The Company has invested in short-term, income-producing instruments and in equity and debt securities when deemed appropriate. The Company's marketable securities are classified as trading with unrealized gains and losses recorded through the consolidated statements of operations.

Management believes that its cash, marketable securities, and the cash flows generated from those assets and from the partnership management fees, will be adequate to meet the Company's current and future obligations. Additionally, management believes there is significant appreciated value in the Hotel property to support additional borrowings, if necessary.

MATERIAL CONTRACTUAL OBLIGATIONS

The following table provides a summary as of March 31, 2018, the Company's material financial obligations which also including interest payments:

	Total	3 Months 2018	Year 2019	Year 2020	Year 2021	Year 2022	Thereafter

OFF-BALANCE SHEET ARRANGEMENTS

The Company has no material off balance sheet arrangements.

IMPACT OF INFLATION

Hotel room rates are typically impacted by supply and demand factors, not inflation, since rental of a hotel room is usually for a limited number of nights. Room rates can be, and usually are, adjusted to account for inflationary cost increases. Since the Company has the power and ability to adjust hotel room rates on an ongoing basis, there should be minimal impact on partnership revenues due to inflation. Partnership revenues are also subject to interest rate risks, which may be influenced by inflation. For the two most recent fiscal years, the impact of inflation on the Company's income is not viewed by management as material.

CRITICAL ACCOUNTING POLICIES AND USE OF ESTIMATES

Critical accounting policies are those that are most significant to the portrayal of our financial position and results of operations and require judgments by management in order to make estimates about the effect of matters that are inherently uncertain. The preparation of these condensed consolidated financial statements requires us to make estimates and judgments that affect the reported amounts in our consolidated financial statements. We evaluate our estimates on an on-going basis, including those related to the consolidation of our subsidiaries, to our revenues, allowances for bad debts, accruals, asset impairments, other investments, income taxes and commitments and contingencies. We base our estimates on historical experience and on various other assumptions that we believe to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying values of assets and liabilities. The actual results may differ from these estimates or our estimates may be affected by different assumptions or conditions. There have been no material changes to the Company's critical accounting policies during the nine months March 31, 2018. Please refer to the Company's Annual Report on Form 10-K for the year ended June 30, 2017 for a summary of the critical accounting policies.

Item 4. Controls and Procedures

EVALUATION OF DISCLOSURE CONTROLS AND PROCEDURES

The Company's management, with the participation of the Company's Chief Executive Officer and Principal Financial Officer, has evaluated the effectiveness of the Company's disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act) as of the end of the quarterly period covered by this Quarterly Report on Form 10-Q. Based upon such evaluation and on the material weakness noted below, the Chief Executive Officer and Principal Financial Officer have concluded that, as of the end of such period, the Company's disclosure controls and procedures are not effective in ensuring that information required to be disclosed in this filing is accumulated and communicated to management and is recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission rules and forms.

CHANGES IN INTERNAL CONTROL OVER FINANCIAL REPORTING

As stated in the Company's Form 10-K for the year ended June 30, 2017, we identified a material weakness in internal controls over financial reporting related to our deferred income taxes and income tax expense during the fourth quarter of fiscal 2017. During the quarter ended September 30, 2017, we hired new tax CPA specialist to perform detailed analysis which was completed for the year ended June 30, 2017. We also assigned our audit committee with oversight responsibilities. The Company has taken steps to remediate the material weakness and improved its internal control over financial reporting during the last quarterly period covered by this Form 10-Q.
